

Fourth Bergamo Open Rhinoplasty Course

The Complete Rhinoplasty Experience

March 12-15, 2014

Course Directors	Enrico Robotti, Riccardo Mazzola
------------------	----------------------------------

Thursday, March 13

07.00	<i>Registration / Breakfast</i>	
-------	---------------------------------	--

07.25	Welcome and Introduction	
-------	--------------------------	--

07.30-12.30	Refresher Course: The Basics	<i>Chairs: East, Robotti</i>
--------------------	-------------------------------------	------------------------------

07.30-08.00	The nasal anatomy that matters to form and function	Saban
08.00-08.20	Nasal anatomy clarified in dissection	Ingallina
08.20-08.40	Understanding "Open" anatomy: in 3D (video)	Dombard
08.40-09.00	Understanding the basic "Open" technique in 3D (video)	Dombard
09.00-09.35	The steps of open rhinoplasty (interactive video)	Robotti
09.35-09.55	Essential pearls of open rhinoplasty	Celik

09.55-10.10	<i>Coffee break/Exhibits</i>	
-------------	------------------------------	--

10.10-10.35	The steps of septoplasty (interactive video)	East
10.35-11.00	The essentials of grafting in rhinoplasty: when and how	Menger
11.00-11.25	Analysing and planning your first rhinoplasties	Calvert
11.25-11.55	Photography, computer imaging and surgical planning	Davis

11.55-12.30	CLINICAL CASES Faculty Panel: Analysis	
	<i>Panelists: Calvert, Davis, Dombard, East, Menger, Shubailat</i>	
	<i>Moderator: Aiach</i>	

Advanced Masterclasses (Sala Alabastro) 07.30 -12.30		
07.30-08.30	<i>Tip grafting: when and how</i>	Gerbault
08.30-09.30	<i>Advanced techniques in contouring and positioning the tip</i>	Davis
09.30-10.30	<i>Adjusting tip projection and rotation</i>	Foda
10.30-11.30	<i>A strong and elegant sidewall: what to do for alar cart malposition and else</i>	Celik
11.30-12.30	<i>Osteotomy principles and techniques / crooked nose</i>	Gruber

12.30-13.20	<i>Lunch/Exhibits</i>	
-------------	-----------------------	--

12.35-13.20 (Sala Alabastro)	Lunchtime Instructional Course: Office Management, Marketing, and Dealing with the Web	Calvert
---------------------------------	---	---------

13.20-13.30	Follow-up on the cases of the Third Course	
-------------	---	--

13.30-13.45	The fascinating history of rhinoplasty	Mazzola
-------------	--	---------

13.45-14.15	Keynote lecture: My personal ongoing journey in rhinoplasty	Aiach
-------------	--	-------

14.15-16.00	Understanding the Procedure	<i>Chair: Aiach</i>
--------------------	------------------------------------	---------------------

14.15-14.30	How I analyze a nose	Gruber
14.30-14.55	Primary rhinoplasty interactive video	Aiach
14.55-15.15	Primary rhinoplasty interactive video	Cerkes
15.15-15.35	Real world rhinoplasty: 14 consecutive primary rhinos and their follow-up	Daniel/Kosins
15.35-15.50	When simplicity becomes an asset in aesthetic rhinoplasty	Bruschi
	<i>Q&A</i>	

16.00-20.00	The Tip I	<i>Chairs: Cerkes, Davis</i> Commentator: Gruber
--------------------	------------------	--

16.00-16.30	Sutures and Grafts: the interplay and the algorithm	Gruber
16.30-16.55	Structural tip grafting	Cerkes

16.55-17.10	<i>Coffee break/Exhibits</i>	
17.10-17.25	Achieving the proper tip projection and rotation (video)	Daniel/Kosins
17.25-17.45	My preferred technique for increasing and decreasing projection	Gruber
17.45-18.00	My preferred technique for increasing and decreasing length	Calvert
18.00-18.05	5 min Videofocus: Lateral crural steal & Lateral crural overlay	Foda
18.05-18.20	NEW ISSUE: Reducing the cephalic trim	1) Davis
		2) Gerbault
18.20-18.35	NEW ISSUE: Preserving specific structures in open dissection	Pshenisnov
18.35-18.50	The overhanging and overprojected nose	Shubailat
	<i>Q&A</i>	

18.55-19.25	<p><i>WHEN AND HOW Faculty Panel: which works best for you in positioning the tip: Strut, Tongue-in-Groove, Septal Extension Graft?</i></p> <p><i>Panelists: Cerkes, Davis, Foda, Gruber, Gubisch</i></p> <p><i>Moderator: Robotti</i></p>	
--------------------	---	--

19.25-19.40	My tip refinement algorithm	Davis
19.40-19.55	Tip Refinement – When Sutures are not Enough (TRG grafts)	Daniel/Kosins
19.55-20.05	The Cranial Tip Suture: options and technique (video)	Kovacevic
	<i>Q&A</i>	

20.10-21.10	<i>Welcome cocktail</i>	
-------------	-------------------------	--

	<p>Night Owl: viewing narrated DVDs (sala Stucchi) 21.10-23.00</p>	
21.10	1 Surgical correction of a crooked nose	Celik
21.40	2 A crooked nose with DC graft to maxilla	Daniel/Kosins
21.55	3 A secondary nose with alar deformity	Robotti
22.10	4 A primary open rhinoplasty	Shubailat
23.00	5 A primary open rhinoplasty	East

Friday, March 14

06.30	<i>Breakfast</i>
-------	------------------

06.45-09.40	<i>The Tip II and Alae</i>	<i>Chairs: Foda, Gubisch</i> <i>Commentator: Davis</i>
--------------------	-----------------------------------	--

06.45-07.00	NEW ISSUE: Step-by-step tip surgery: the polygon concept (video)	Cakir
07.00-07.15	Shaping the nostril rim	Gruber
07.15-07.25	Stabilizing the latera crura by cartilage duplication (video)	Dacho
07.25-07.35	Concave malformations of the LLCs: surgical strategies for treatment	Haack
	<i>Q&A</i>	

07.35-08.05	<i>WHEN AND HOW Faculty Panel: What to do for alar cartilages malposition: transpose or else?</i> <i>Panelists: Davis, Gerbault, Kovacevic, Celik, Dombard</i> <i>Moderator: Gruber</i>
--------------------	--

08.05-08.15	Alar base surgery (videos)	East
08.15-08.20	Videofocus: Nasal Base Narrowing	Foda
08.20-08.35	Premaxillary augmentation: options and hazards	v. Gregory
08.35-08.40	Videofocus: Premaxillary augmentation	Foda
08.40-09.00	A personal wrap-up: my Decalogue in tip surgery	Robotti
	<i>Q&A</i>	

09.10-09.40	<i>CLINICAL CASES Faculty Panel: Tip</i> <i>Panelists: Calvert, East, Mazzola, Menger, Shubailat</i> <i>Moderator: Cerkes</i>
--------------------	--

09.40-11.40		<i>Deviation, Septum and Function</i>	<i>Chair: East</i>
09.40-09.50	Crooked nose (video)	Daniel/Kosins	
09.50-10.10	Managing the deviated nose: the role of septal surgery	Foda	
10.10-10.25	<i>Coffee break/Exhibits</i>		
10.25-10.50	Extracorporeal septoplasty (video)	Gubisch	
10.50-11.05	Endoscopic approach to nasal deviations	Bussi	
11.05-11.15	Managing the inferior and middle turbinates	East	
11.15-11.25	The nasal valve demystified : the four planes of the valve	East	
11.25-11.35	Nasal valve surgery: objective measurements of outcome	Menger	
	<i>Q&A</i>		
11.40-17.00		<i>The Dorsum</i>	<i>Chairs: Cerkes, Gerbault</i> <i>Commentator: Calvert</i>
11.40-12.00	Achieving the natural dorsum and proper dorsal aesthetic lines (NEW ISSUE / VIDEO: The perichondro-periosteal flap)	Cerkes	
12.00-12.20	Methods of bony hump resection (with videos)	Celik	
12.20-12.30	Radix augmentation	Cerkes	
12.30-12.40	Radix reduction	Dombard	
	<i>Q&A</i>		
Advanced Masterclasses (Sala Alabastro) 07.30 -12.30			
07.30-08.30	<i>Working with rib: tricks and tips</i>	Calvert	
08.30-09.30	<i>Extracorporeal septoplasty</i>	Gubisch	
09.30-10.30	<i>Gaining a proper dorsum and correcting deviation: autospreaders, spreaders and else</i>	Cerkes	
10.30-11.30	<i>Managing the frontonasal angle</i>	Dombard	
11.30-12.30	<i>Nostrils, alar base and columellar refinements</i>	Gruber	
12.45-13.30	<i>Lunch/Exhibits</i>		
12.45-13.30 (Sala Alabastro)	Lunchtime Industry Instructional Course: Computer Imaging Practical Training	Chekerylla	

13.30-13.45	Power tools for the dorsum	Davis
-------------	----------------------------	-------

13.45-14.15	WHEN AND HOW Faculty Panel: Spreader flaps and variations <i>Panelists: Celik, Cerkes, Davis, Kovacevic</i> <i>Moderator: Gruber</i>	
--------------------	---	--

14.15-14.30	Nasal osteotomies: choice and logic	Gruber
14.30-14.40	Different types of osteotomies (video)	Dombard
14.40-14.50	New approach to the dorsum and selection of osteotomies	Daniel/Kosins
14.50-15.00	Patient-specific osteotomies: rethinking logic, finessing options	Palma
15.00-15.05	5 min Videofocus :Open/Close-book osteotomies for asymmetric bones	East
15.05-15.25	Osteotomies and bone reshaping in rhinoplasty: 1) a new breakthrough in technology 2) a paradigm shift in osteotomies design	Gerbault
15.25-15.30	5 min Videofocus :Narrowing the wide nose without bony excision	Daniel/Kosins
	Q&A	

15.40-15.55	Dorsal augmentation and the versatility of fascia / DCF	Calvert
-------------	---	---------

15.55-16.15	WHEN AND HOW Faculty Panel: Augmenting the primary dorsum <i>Panelists: Calvert, Gerbault, Gruber, Robotti</i> <i>Moderator: Gubisch</i>	
--------------------	---	--

16.15-16.30	<i>Coffee break/Exhibits</i>	
-------------	------------------------------	--

16.30-17.00	WHEN AND HOW Faculty Panel: Dealing with thick skin → thin or restructure? <i>Panelists: Celik, Davis, Foda, Gerbault</i> <i>Moderator: Calvert</i>	
--------------------	--	--

17.00-17.30	Rhino Spots	<i>Chair: Mazzola</i>
--------------------	--------------------	-----------------------

17.00-17.15	Retroauricular fascial complex in dorsal nasal refinements	Antohti
17.15-17.25	Other external approach than Rethi in Rhinoplasty	Duron
17.25-17.30	5 min Videofocus : Widening of pinched nasal tip	Foda

17.30-20.15	Secondary Rhinoplasty and Complications	<i>Chair: Gubisch</i>
--------------------	--	-----------------------

17.30-17.50	Secondary rhinoplasty principles	Gruber
17.50-18.10	Secondary rhinoplasty (interactive video)	Cerkes
18.10-18.30	Reconstruction of overresected nose and DCF grafts	Cerkes
18.30-18.45	How I currently use rib in secondary rhino	Gubisch
18.45-19.00	Cocaine induced midline lesions: options for reconstruction	Bussi
19.00-19.10	Complete septal reconstruction with a double layered conchal L-strut (video)	Haack
19.10-19.25	“Reversal rhinoplasty”: reverting: secondary patients back to their ethnicity	Matti
	Q&A	

19.30-20.00	CLINICAL CASES Faculty Panel: Secondary rhinoplasty <i>Panelists: Aiach, Calvert, East, Foda, Robotti, Shubailat</i> <i>Moderator: Gubisch</i>
--------------------	---

20.00	Adjourn
-------	---------

21.00	<i>Gala dinner</i>
-------	--------------------

Saturday, March 15

06.45	<i>Breakfast</i>
-------	------------------

	Early Bird Video	
07.10-07.30	Primary Rhinoplasty	Mazzola
07.30-07.50	Secondary Rhinoplasty	Robotti

07.50-08.00	Presentation of today's cases: <i>"How I will do it"</i> (taped)
-------------	--

10.00-12.00	<i>Coffee station</i>
-------------	-----------------------

Room 1		
08.00-10.30	<i>Live Surgery 1 (commented by Robotti)</i>	Gruber
12.30-15.00	<i>Live surgery 2 (commented by East)</i>	Davis
Narrated Video : Rhinoplasty Suture Techniques step-by-step A videoclip catalogue of useful manoeuvres in secondary rhinoplasty Presentation: Introducing the Bergamo 3D Rhinoplasty Software		Daniel/Kosins Aiach Robotti
Room 2		
09.30-11.30	<i>Live Surgery 1 (commented by Gerbault)</i>	Cerkes
13.30-17.00	<i>Live Surgery 2 (commented by Calvert)</i>	Gubisch

13.00-14.30	<i>Lunch station</i>
-------------	----------------------

17.00-17.20	Selected Abstracts Corner
-------------	----------------------------------

16.00-17.30	<i>Coffee station</i>
-------------	-----------------------

17.20-17.50	Bonus Video: Aesthetic Reconstructive Rhinoplasty (cocaine nose and complex rib/ composite reconstruction)	Daniel/Kosins
-------------	---	---------------

Coffee station

17.50-18.50	Medical Rhinoplasty	<i>Chair: Celik</i>
--------------------	----------------------------	---------------------

17.50-18.20	Medical rhinoplasty: anatomy and practice	Ingallina
18.20-18.50	A safe “medical rhinoplasty” by use of fillers (video demonstration)	Braccini
	<i>Q&A</i>	

18.50	Selected Abstracts Corner Prize
-------	---------------------------------

Wrap-up and Adjournment
